Note: 1 in 21 Healthy Muskegon County is focusing on the factors highlighted by green boxes. In Muskegon County, there are many groups, coalitions, and organizations working on the other factors that make up the County Health Rankings.

The County Health Rankings are based on a model of population health that emphasizes the many factors that, if improved, can help make communities healthier places to live, learn, work and play.

The County Health Rankings model is grounded in the belief that programs and policies implemented at the local, state, and federal levels have an impact on the variety of factors that, in turn, determine the health outcomes for communities across the nation. Learn more at countyhealthrankings.org
